HEALTH HAZARD INFORMATION

HEALTH EFFECTS

SWALLOWED: CITRUS CLEANER CONCENTRATE will attack mouth and throat linings and make the victim breathless. Long term effects are unlikely.

EYE: Will attack eye membranes and if not treated immediately could lead to vision impairment..

SKIN: Will attack skin, if not rinsed promptly, leaving an alkaline "burn"

INHALED: Can cause irritation if mist inhaled.

FIRST AID

SWALLOWED: Do not induce vomiting. Drink 2 glasses of milk, water or fruit juice then immediately seek medical assistance.

EYE: Promptly flush with cool water for 15 minutes.

SKIN: Rinse thoroughly with cool water promptly. Remove any contaminated clothing.

INHALATION: Remove from source of exposure rest, call for medical assistance. For difficulty in breathing give oxygen

ADVICE TO DOCTOR: The main hazard is respiratory failure from acute cases of inhalation or ingestion. Contact National Poisons Center Dunedin

PRECAUTIONS FOR USE

EXPOSURE LIMITS: Nil

FLAMMABILITY: Nil

VENTILATION: Normal working environment is adequate. Ensure that foam Spray heads are used rather than the more popular atomising sprays.

PROTECTION: Keep out of reach of children.
Wear gloves, protect eyes and skin against splashes.

SAFE HANDLING INFORMATION

STORAGE & TRANSPORTATION: Keep secure and out of reach of children

SPILLS & DISPOSAL: Flush down sewer (i.e. treated system) not stormwater

FIRE/EXPLOSION

HAZARD:

Nil
