

Trade name : Pellé Leather Conditioner Protector ERMA Reg:202882 Australia NICNAS 11850
Reviewed on 31/07/2015

1. Product and Company Identification

Product name :	Pellé Leather Conditioner Protector
Use	Conditioning and Care of Leather Upholstery
CAS number	N.A. Intentional Mixture
Manufacturer name	Pelle Care Products Ltd
Address	8 Washdyke Flat Road Timaru, New Zealand Tel. +64 3 688-2792 Fax. +64 3 688- 2791 Email: orders@pellectcare.co.nz
Emergency contact	24 Hr +64 27 469 3944

2. Composition / Information of ingredients

Classified as non hazardous

2-(2-butoxyethoxy)ethanol	CAS#112-34-5	0.030% concentration
permethrin (ISO)	CAS#52645-53-1	0.005% concentration
3(2H)-Isothiazolone, 2-methyl	CAS#2682-20-4	0.005% concentration
5-Chloro-2-methyl-2H-isothiazol-3-one	CAS#26172-S5-4	0.005% concentration
Alcohols, C12-14,ethoxylated, sulfates, sodium salts	CAS#68891-38-3	0.225% concentration
SodiumHydroxide	CAS#1310-73-2	0..113% concentration

The remainder of ingredients in this product are not classified as non-hazardous according to criteria in the Hazardous Substances (Minimum Degrees of Hazard) Regulations 2001

3. Hazards identification

Classification	Not Classified as Dangerous
Hazards for human	Irritation to eyes and skin.
Hazards for environment	N.A
Other risks	N.A

Trade name : Pellé Leather Conditioner Protector ERMA Reg:202882 Reviewed on 31/07/2015

4. First aid measures

Medical intervention	N.A	
General indications	N.A	
Immediate effects	N.A	
Delay effects	N.A	
Inhalation and lungs.	Immediately:	May cause irritation to nose and throat
	Afterwards:	Remove to fresh air seek medical advise
Skin contact irritation occurs	Immediately:	Wash with water. Seek medical advise if
	Afterwards:	N.A
Eyes contact under running water	Immediately:	Rinse opened eye for several minutes
	Afterwards:	N.A
Ingestion	Immediately	Rinse out mouth and then drink water.
	Afterwards:	Seek medical advice.
Special equipment	N.A	
Other information	No special antidote.	Treat symtomatically.

5. Fire fighting measures

Suitable extinguishing agents:	Co2, water spray, foam.
Non suitable fire Extinguishers	N.A
Hazard of exposure:	Avoid breathing fumes.
Protective equipment:	Respirator and protective clothes should be used.
Other information:	N.A

6. Accidental release measures

Person-related safety ventilation	No Special requirements under normal use. Provide adequate
Environmental safety	Prevent seepage into sewage system.
Measures for cleaning	Absorb with liquid-binding material (sand, sawdust)

7. Handling and storage

Handling handling products.	No special requirements under normal use. Neither respiratory protection nor eye protection necessary while
Storage place.	Non hazardous material. Keep out of reach of children. Store in cool
Specific use	N.A

Trade name: Pellé Leather Conditioner Protector ERMA Reg:202882 Reviewed on 31/07/2015

8. Exposure controls and personal protection

Ingredients with limits	N.A.
Personal protective Equipment	No respiratory protection required. Natural Airing
Industrial Hygiene	No special protection required for manufactured intentional mixture. No Special Protection. Do not eat or Drink while handling product.

9. Physical and chemical properties

Form	Liquid
Colour	Yellow
Odour	Light
PH (1% aq. Sol)	8.5 + 0.5
Bowling point	N. A
Flash point	N.A
Explosive limits	N. A
Combustion limits	N. A
Vapour pressure	N. A
Relative Density	N. A
Solubility in water	100%
Octanol/Water partition	N. A
Vapour density	N. A
Viscosity	N. A
Evaporation speed	N.A

10. Stability and reactivity

Conditions to be avoided	Stability in the normal pressure and temperature.
Dangerous reactions	N.A
Hazardous decomposition Product	Thermal decomposition can free CO and CO2
Polymerization under normal condition.	Has not been tested for any dangerous reaction/polymerization

Trade name: Pellé Leather Conditioner Protector -ERMA Reg:202882-Reviewed on 31/07/2015

11. Toxicological information

Toxicological effects	N.A	Keep Containers Sealed.
Direct contact may cause slight irritation in sensitive individuals	On the skin	No effects under normal use.
Direct contact may cause mild transient discomfort	On the eye	No effects under normal use.
Experimental method	Hazard ingredient Toxicological information:	
	NONOXINOL -6	LD50 (RAT):
	SODIUM ALKYL ETOXY	LD50 (RAT):

12. Ecological information

General information	Do not throw away product and residues in the surrounding place.
Ecotoxicity	N. A
Biodegradability	More than 90%
Further information	N. A

13. Disposal considerations

Product	Waste is non-hazardous. Arranged disposal as per local regulations.
Uncleaned packaging	Clean in water spray for recycling. No cleaning agents required.

14. Transport information

General information	Not a dangerous good.
Transport by road (ADR)	N. A
Transport by railway (RID)	N. A
Transport by Sea (IMDG)	N. A
Transport by Air (IATA)	N. A

Trade name: Pellé Leather Conditioner Protector-ERMA Reg:202882-Reviewed on 31/07/2015

15. Regulatory information

Labeling information	The product does not require a hazard warning label in accordance with the HASNO Act 1996.
Hazard symbols	N. A
Risk phrases	6.4A Irritating to eyes
Safety phrases and seek medical advise	S 26 Avoid contact with eyes, rinse immediately with plenty of water
Classification	Void
Water hazard class	N.A

16. Other information

The information on this product Safety data Sheet reflects the latest information and data that we have on hazards, properties, and handling of this product under recommended conditions of use.

This document substitutes every previous edition.
